Why Us

In collaboration with [Lily & Co.](#), enjoy exclusive rates and be guaranteed to dine under the stars in our Garden Domes.

A decorative still life featuring a large bouquet of white and blue roses on a wooden crate, a teddy bear in a wicker frame, and a couple photo in a blue frame on a white table.

“It is a curious thought, but it is only when you see people looking ridiculous that you realize just how much you love them.”

—Agatha Christie
