Nestled in the lush surrounds of greens and floral hues, The Summerhouse Garden Gazebo is the picture-perfect scene where vows are exchanged and love, sealed for eternity.

On the other end, Botanico Courtyard is a versatile space that can accommodate the setting up of any event with ease.

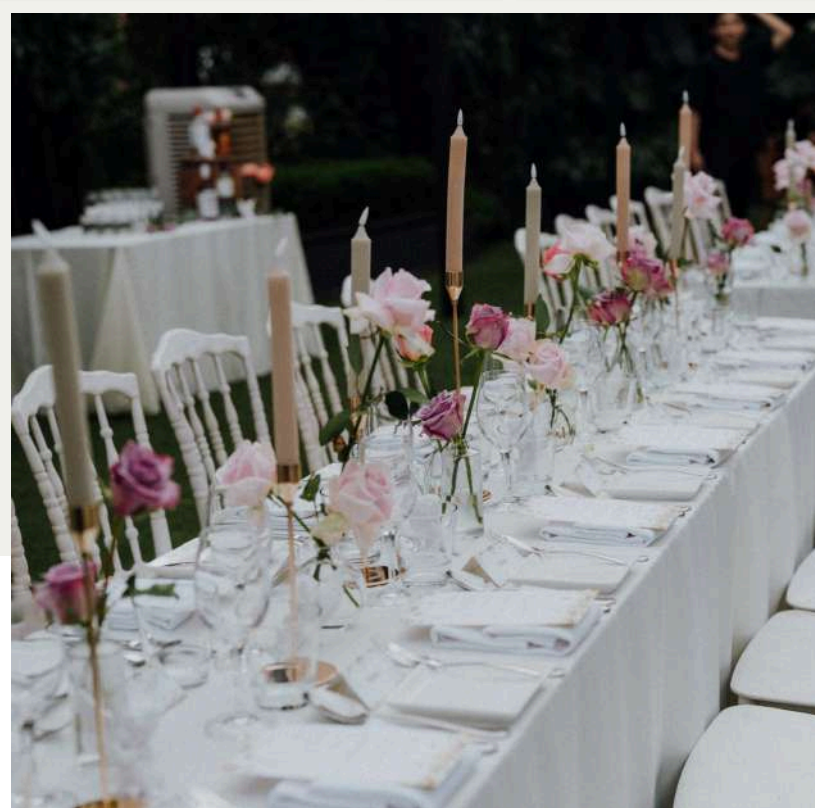

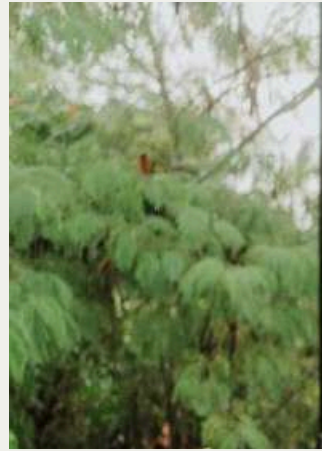

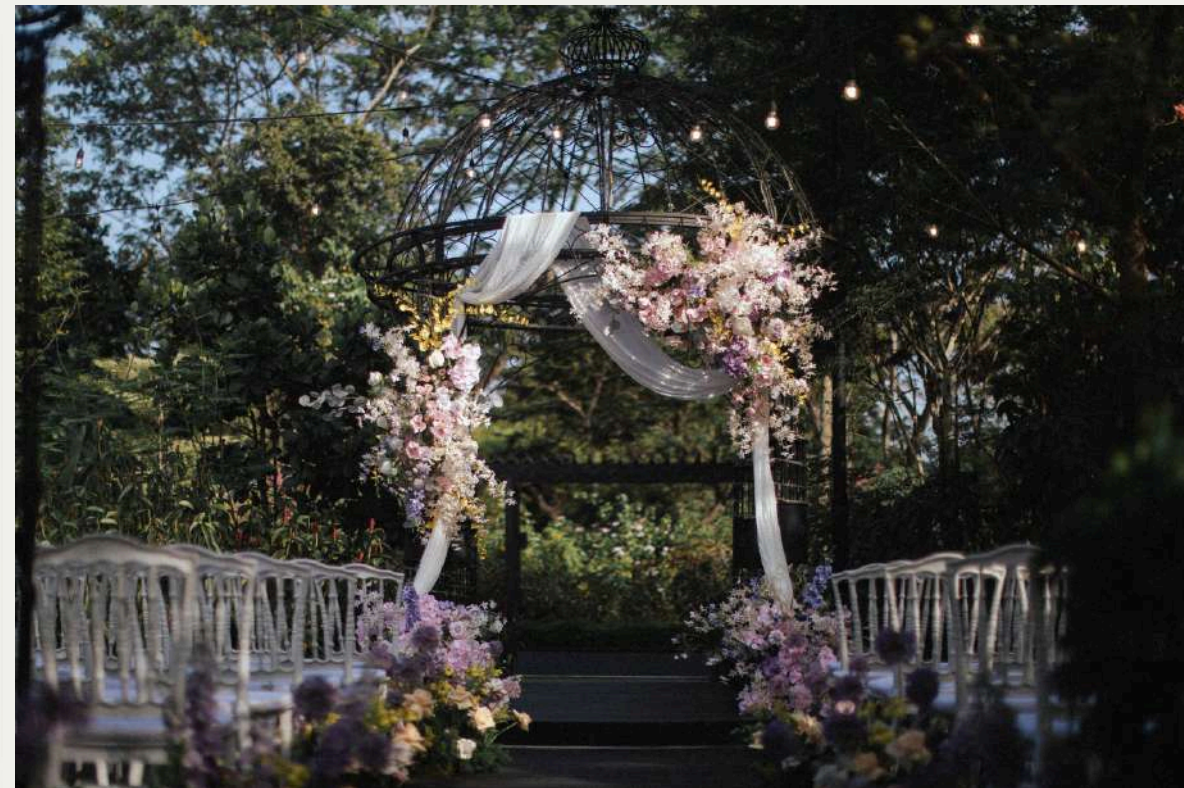

# Garden Solemnisation

Exchange your vows in the most romantic outdoor setting with the lush greenery and colonial house as your backdrop.

# Dinning Hall & Balcony

The Summerhouse evokes a sense of homely yet stylish comfort. The timberwork and fretwork convey the classic elegance of clean geometric lines, and accentuate the stately proportions of the bungalow.

A key feature that was introduced to the upper-story dining hall is the mirrored ceiling of tapered and angled panes echoing the geometric patterns on the original windows, and bolstering the natural light coming into the space.

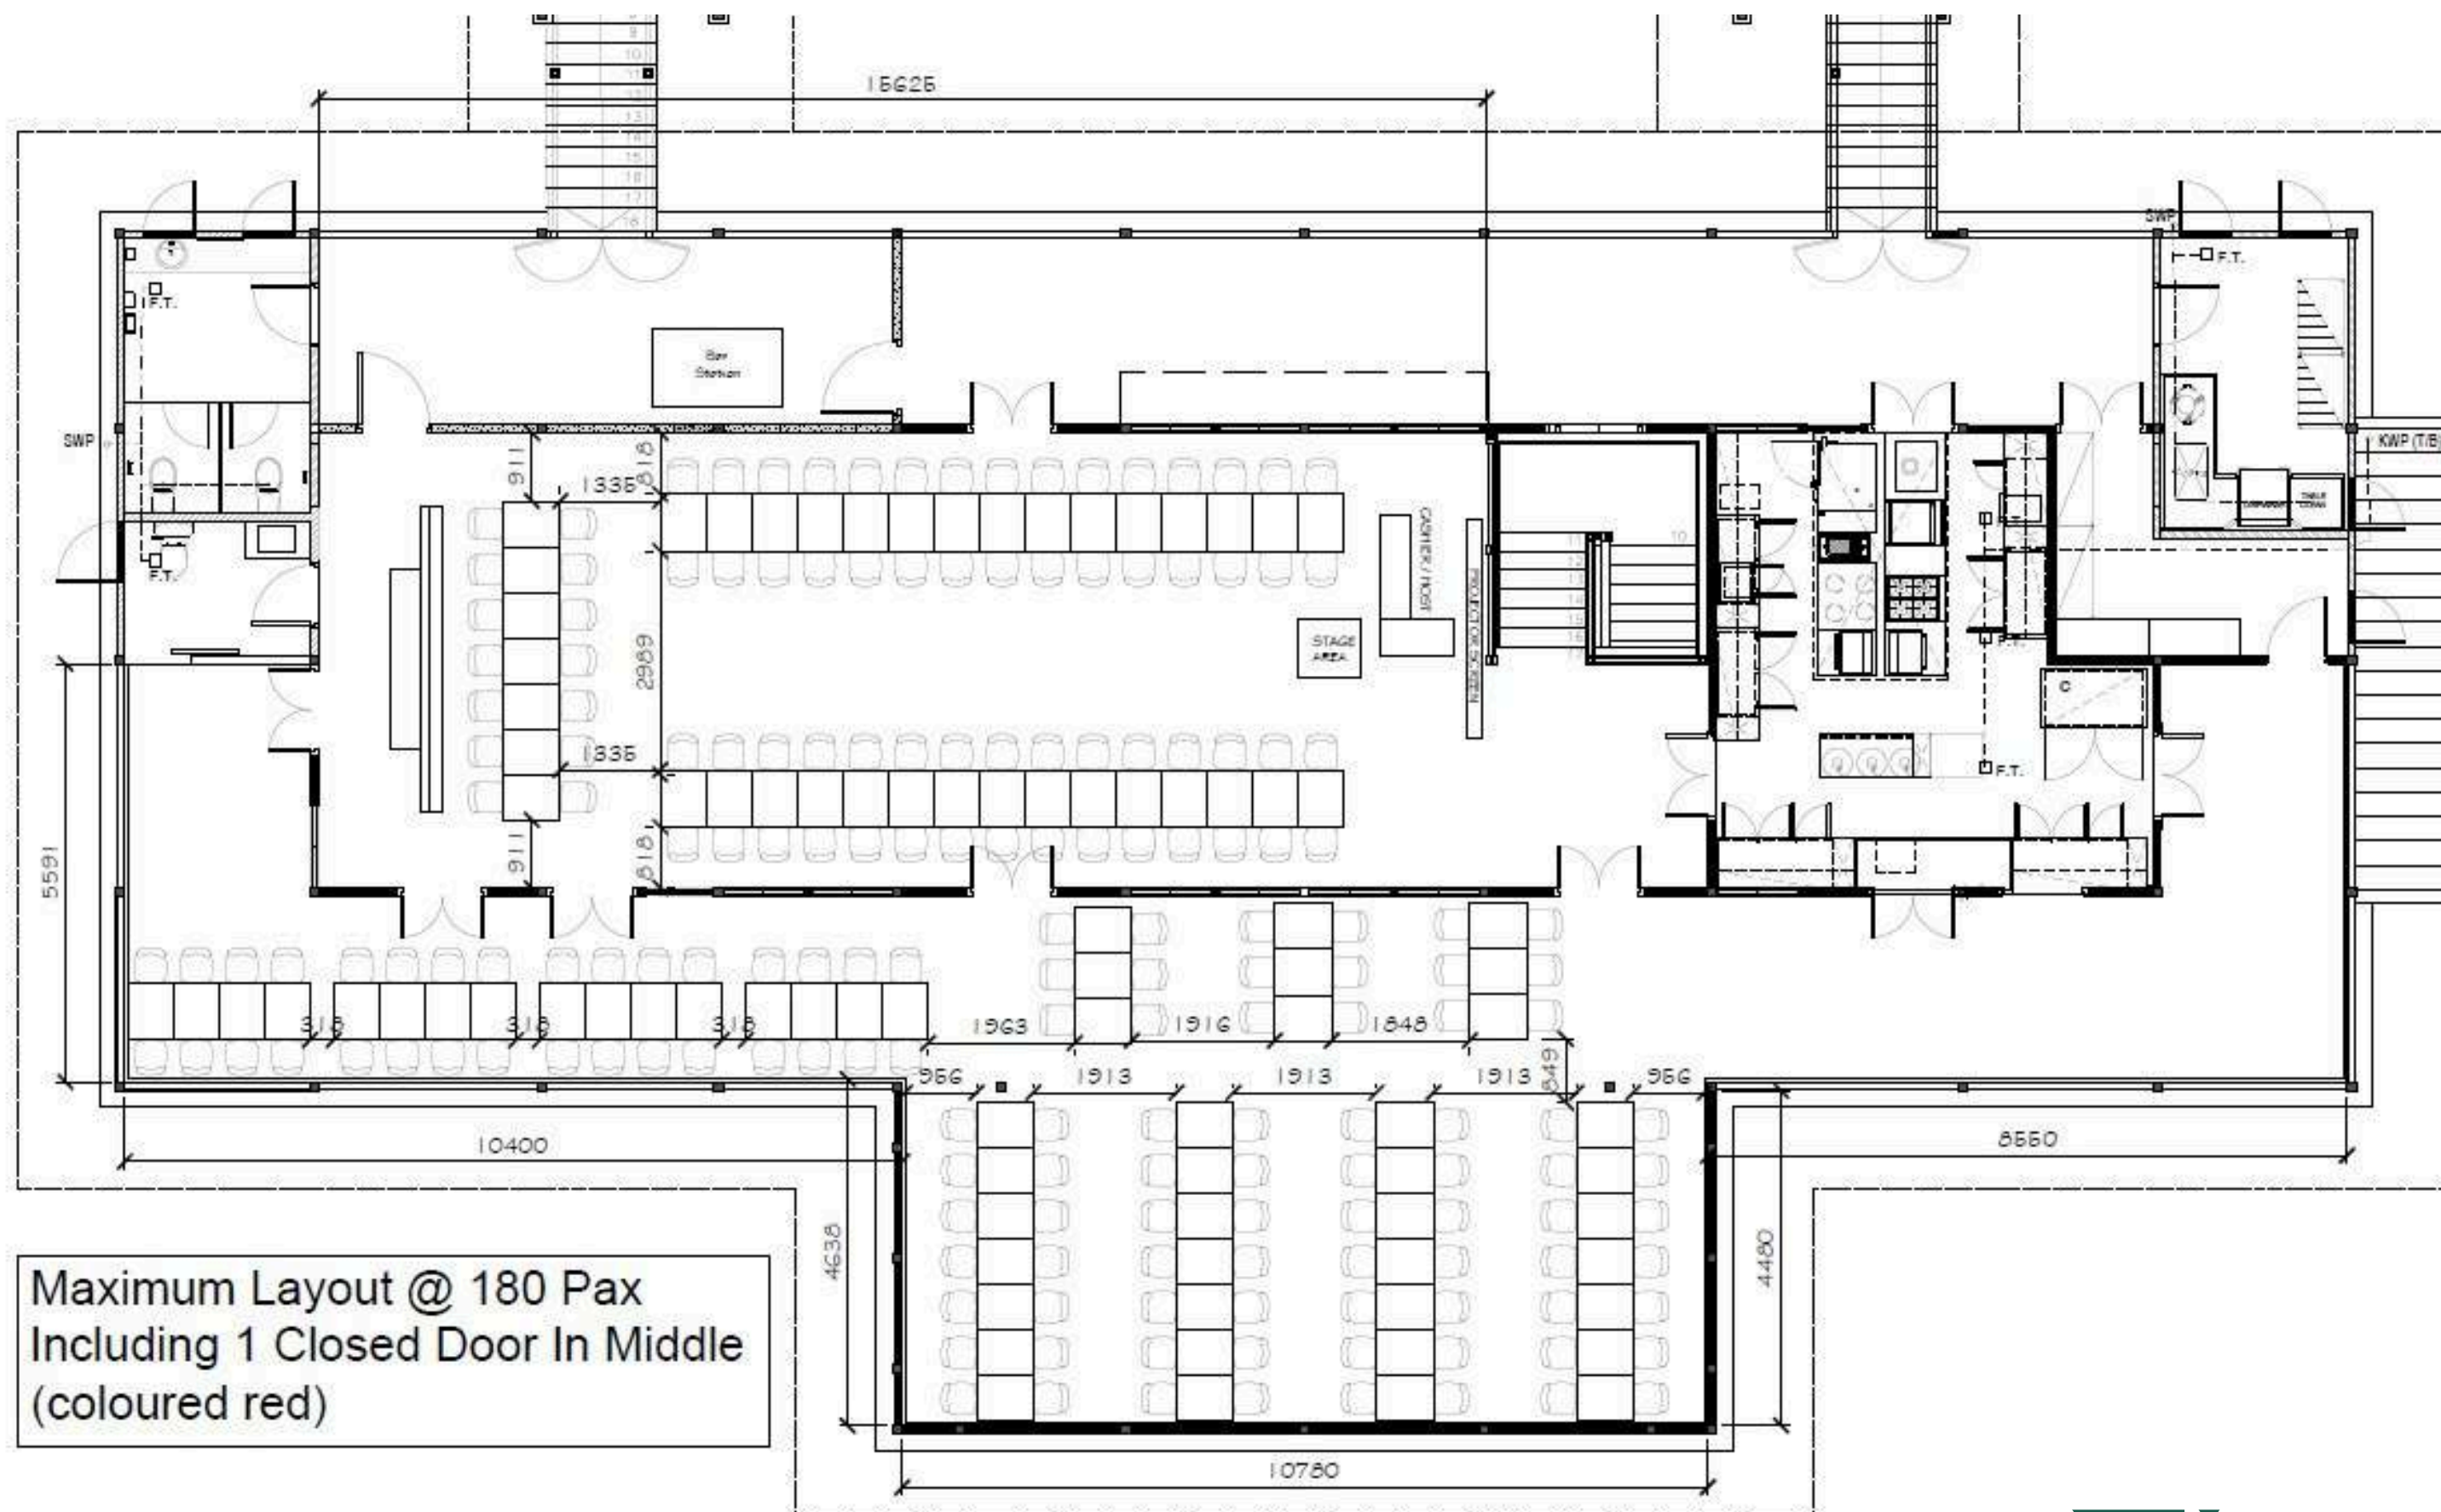

# Cuisine

The culinary team at The Summerhouse expertly blends the sizzle of the grill with the enchanting allure of Asian cuisine.

At the heart of Botanico lies the marriage of the grill's artistry with the essence of Asian gastronomy. Each dish is a testament to our commitment to the farm-to-table concept, sourcing the freshest ingredients to ensure a culinary experience that reflects the purity of nature.

Tiffany and I want to share my deepest gratitude to the summerhouse wedding team for making our wedding such an enjoyable one for us and our guests!

We have absolutely no regrets choosing Summerhouse as our wedding venue! We wanted something different from the usual Chinese hotel banquets and Summerhouse ticked off all our checkboxes. From the food to the entire ambience and even the garden vibes, everything was perfect. Every dish was amazing and we received a lot of great feedback from our guests!!^^

Additionally, from the planning down to execution, the team showed their professionalism and attention to details to ensure the wedding is special and smooth! Special thanks to Sara & Shanice, our wedding coordinators, who really went the extra mile to prepare the proposal of having an outdoor garden wedding dinner. Regretful that we didn't execute it in the end but hopefully the team can in the future!! Not to forget our restaurant manager, Narresh & the head chef, Edward, and their team for the finesse execution throughout the night! Thank you all so much!

Had our wedding at Summerhouse, it was a great experience working with our event coordinator Celest and event manager Kai!

Celest has been very helpful with answering queries, and offering suggestions to make the flow better. She was attentive and keeping us updated, while making sure we're enjoying the wedding day itself.

The atmosphere was lovely with the garden vibes, good for a cozy wedding :) Food is good and felt it was served hot to the guests.

Amazing people, food and service!

When we found out that the Summerhouse also was available as a wedding venue, we were absolutely delighted. After contacting them, we were assigned a sales representative, and later on a wedding events coordinator. With the wedding being slated in September this year, there was much uncertainty due to the entire covid-19 pandemic. First of which was the fact that we had to re-discuss the wedding contract, sizing it down from a 180 person wedding all the way down to a 20 plus person wedding, due to the safe-distancing regulations back then. We are so grateful for The Summerhouse's kind understanding and help in this matter.

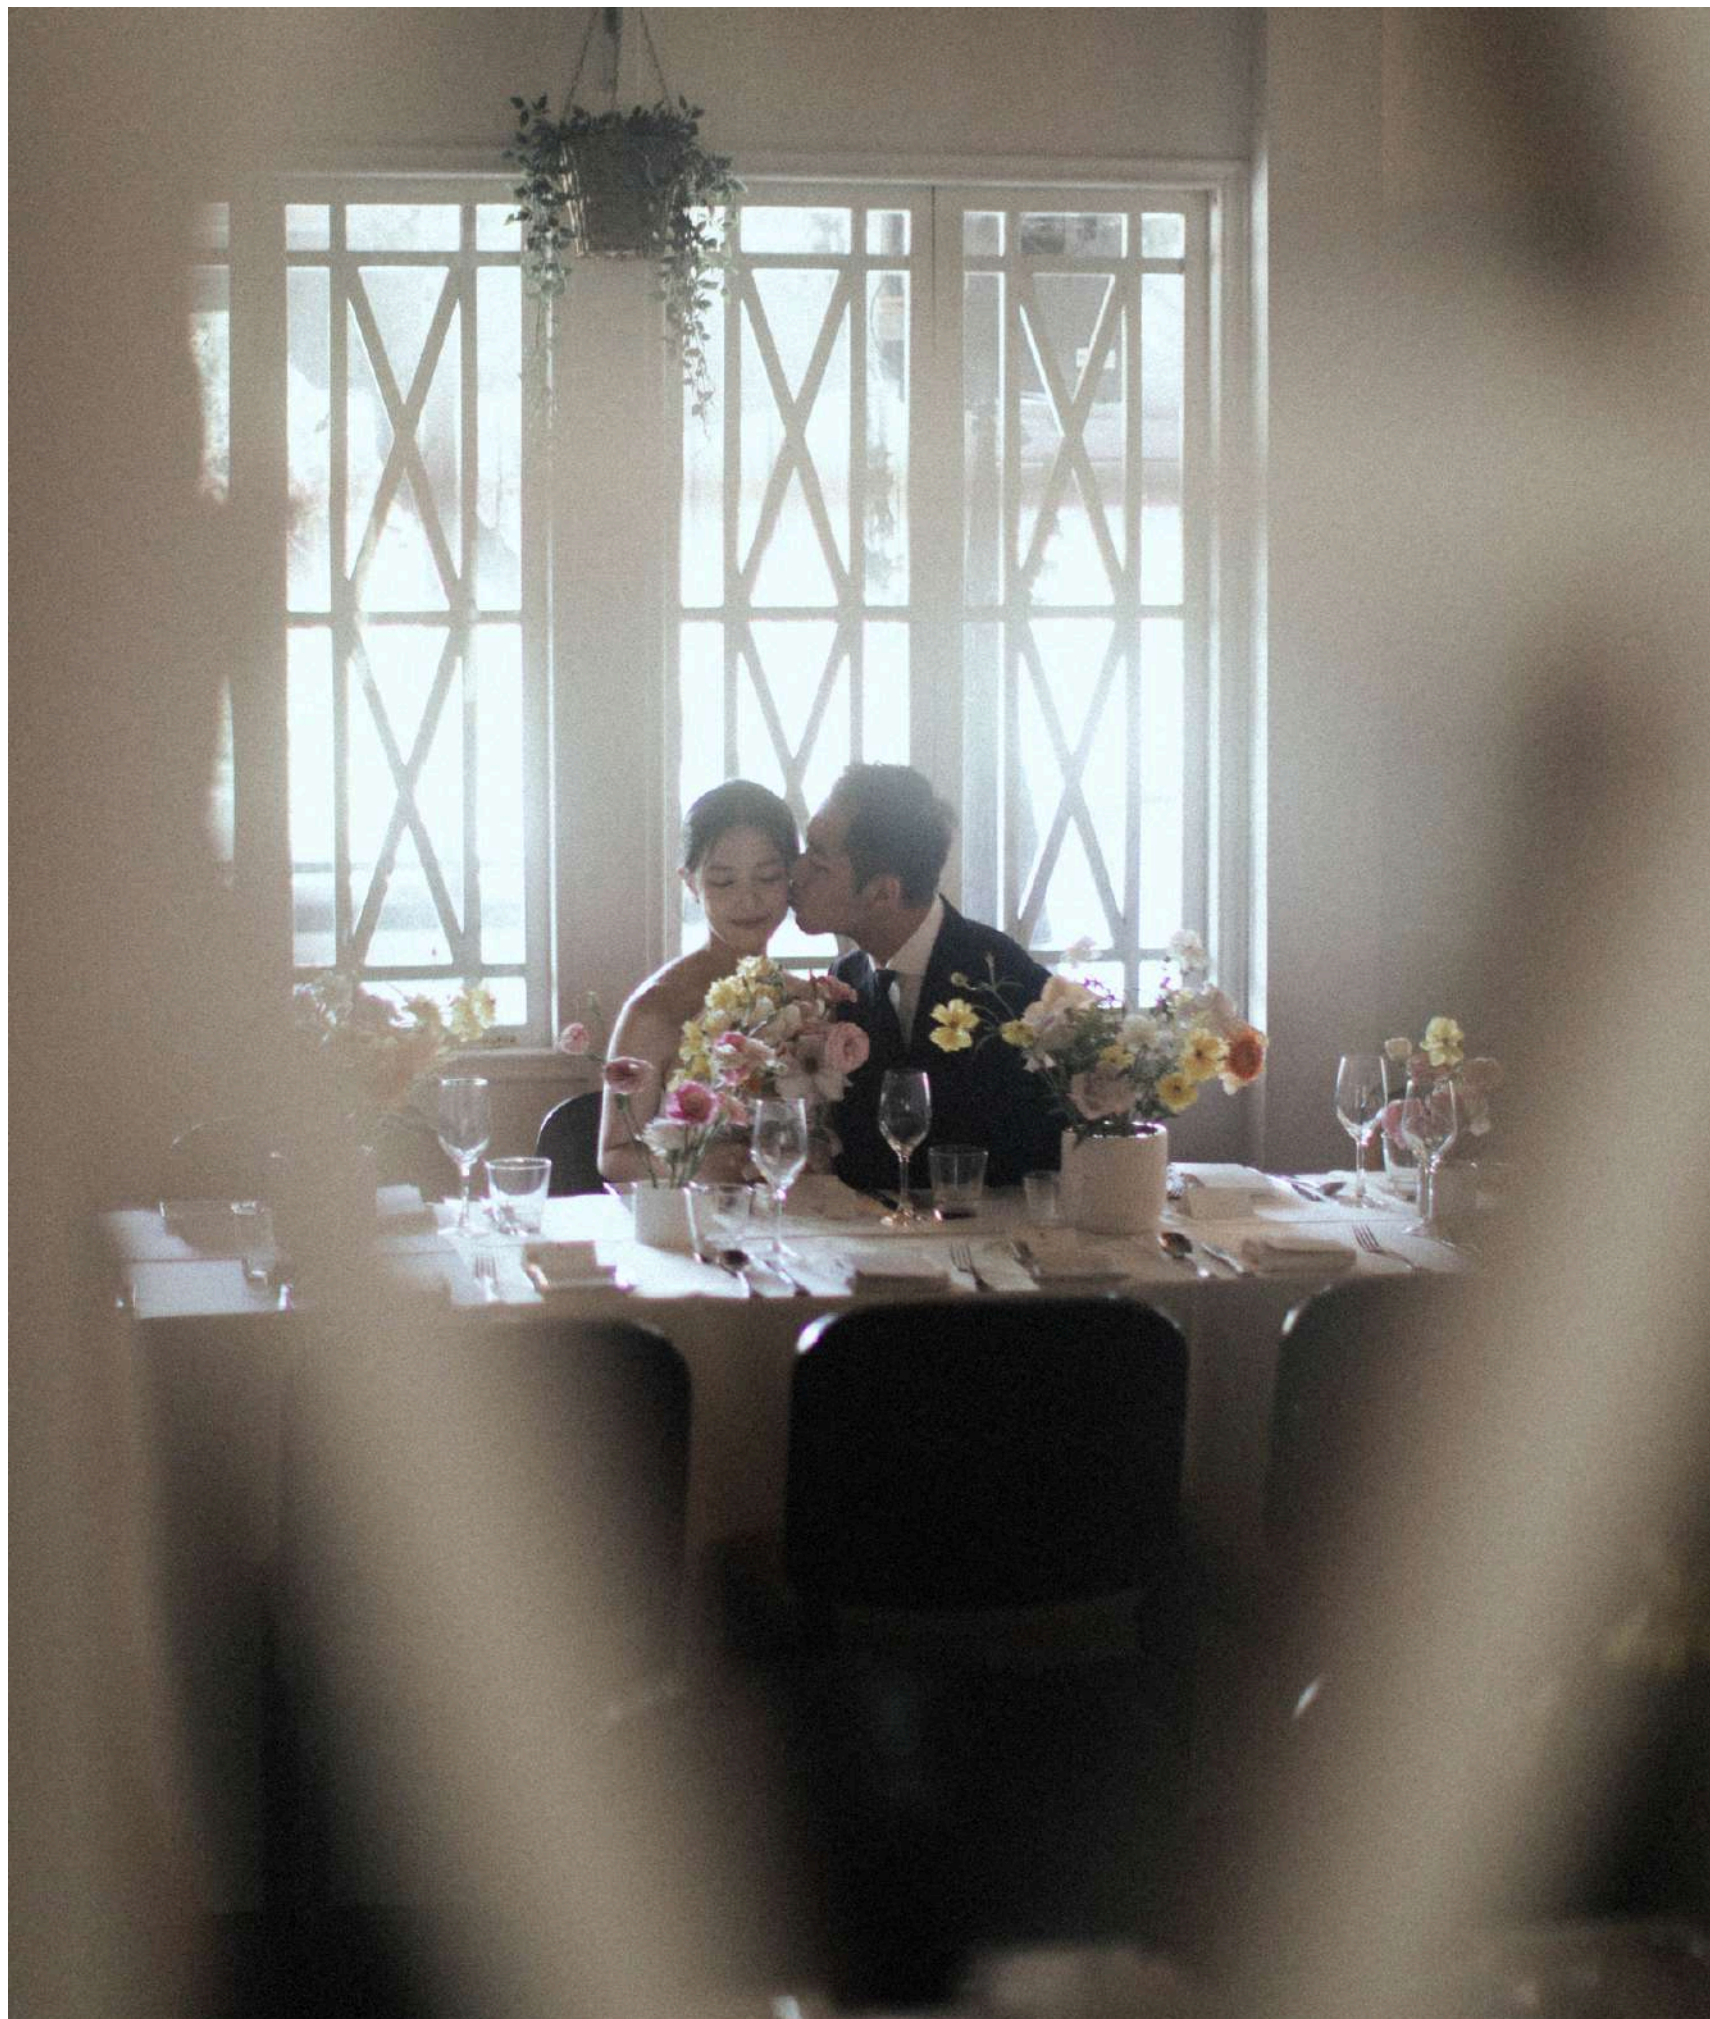

Our event coordinator assigned to us, Jamie, was also quite on the ball when it came to filling us in with the details on what needed to be prepared as well as the regulations that we had to observe at the venues itself, so that everything could be conducted in line with the MOH health guidelines.

There were also multiple times that we met up with them both at the venue and online, also to have discussions, and overall, the folks at Summerhouse are quite reasonable when it came to negotiating the different aspects of the wedding, from the flowers, to the food and down to our guests' sitting arrangement.

During the wedding too, it was raining on that day, so we were not able to use the gazebo out downstairs in the open mini-courtyard that the Summerhouse had, but this came as a blessing in disguise as the Summerhouse then graciously sectioned off one part of its restaurant to conduct the wedding itself. It gave a very intimate "private event" kind of feel, while our guests were comfortably seated in an air-conditioned space - all this had already been factored in as a contingency plan by the Summerhouse's event manager, and we also ran through the flow in the case of wet weather. This resulted in a very enjoyable wedding, where everything proceeded smoothly as planned. Food wise, if you have tried the food at the Summerhouse before - semi-fine dining style - that was exactly the same standard that was delivered on the day itself. Nothing short of amazing.

We are very satisfied with the wedding venue and services that have been provided by the Summerhouse, as well as their administration of the payment and other items pertaining to the administration of the wedding. Thank you!!
